

AN UTTER FAILURE

Miners and Operators to Agree May Cause Mines to be Opened Under

The Right of Eminent Domain.

human Attitude of the Operators in Refusing to Relieve the Situation Will be Met by Measures They Cannot Longer Ignore.

WASHINGTON, OCT. 4.—IT IS BEING SAID THAT THE STEP TO BE TAKEN BY PRESIDENT ROOSEVELT IN THE STRIKE SITUATION WILL BE THE CALLING OF GOVERNOR STONE OF PENNSYLVANIA INTO CONSULTATION ON THE QUESTION OF SUMMONING AN EXTRA SESSION OF THE PENNSYLVANIA LEGISLATURE TO TAKE ACTION LOOKING TO THE OPENING OF THE MINES. THERE IS ALSO RENEWED TALK OF THE POSSIBILITY OF AN EXTRA SESSION OF CONGRESS FOR THE PURPOSE OF PASSING A TEMPORARY ARBITRATION LAW UNDER WHICH THE STATE TO ORDER FOR THE STATE TO OPERATE THE MINES UNDER THE RIGHT OF EMINENT DOMAIN. THERE WOULD BE RE-

DIFFERENT ASPECT.

Of Roosevelt's Attitude Given by his Secretary of War.

WASHINGTON, OCT. 4.—CONFERENCE BETWEEN THE PRESIDENT SECRETARY ROOT, ATTORNEY GENERAL KNOX AND COMMISSIONER OF LABOR WRIGHT, THIS MORNING ENDED AT NOON ON LEAVING THE WHITE HOUSE, SECRETARY ROOT MADE A STATEMENT TO THE NEWS-PAPER MEN OF WHICH THE FOLLOWING IS A SUMMARY

THE PRESIDENT WILL NOT CALL AN EXTRA SESSION OF CONGRESS TO CONSIDER THE COAL STRIKE. HE DOES NOT INTEND TO CALL GOVERNOR STONE OF PENNSYLVANIA HERE TO CONSULT WITH, NOR DOES HE PROPOSE TO INTERFERE WITH THE GOVERNOR NOR OFFER HIM SUGGESTIONS AS TO HIS DUTY IN THE PREMISES. THE PRESIDENT WILL NOT ASK J. PIERPONT MORGAN TO CONFER WITH HIM ON THE STRIKE SITUATION. HE CONSIDERS THAT THE STATE OF PENNSYLVANIA IS THE PROPER AND ONLY AUTHORITY TO HANDLE THE STRIKE SO LONG AS THE MINERS AND OPERATORS REFUSE TO SETTLE.

FUTILE
Was the Attempt Made

To End Strike

And the Miners will Not Go to Work.

Public Has New an Abundant Opportunity to See for Itself.

How the Rule of Monopolies Will Effect the People—An Important Lesson Which is Important.

Washington Oct. 4.—The great anthracite struggle will go on. The conference between President Roosevelt and representatives of the operators and miners came to an end at the temporary White House Friday evening with a failure to reach an agreement. Apparently the rock upon which the conference split was recognition of the mine workers' union. The president had urged the contending parties to cease strife in the interests of the public welfare. The miners through the president of their union had expressed a willingness to submit differences to arbitration of a tribunal to be named by the president and to enter into an agreement to abide by terms fixed by the arbitrators for a period of from one to five years. The employers, through the presidents of the railroad and coal companies and a leading independent mine operator had squarely refused arbitration, had denounced the miners' labor organization as a lawless and anarchistic body with which they could and would have no dealings, had demanded federal troops to secure complete protection for workers and their families in the mining region, and court proceedings against the miners' union and had offered if the men returned to work to submit grievances at individual collieries to the decision of the judges of the court of common pleas for the district of Pennsylvania in which the colliery was located. There the matter was closed.

The conference was a remarkable chapter in the economic history of the country. For the first time the president of the republic had intervened directly between the great forces of capital and labor in an effort to avert what he himself regarded as a great national calamity. The result was to bring the principals in the great controversy face to face with the whole country eagerly intent and watchful of their doings. Technically, the issues between the two great forces stand as they did before the president summoned the representatives of the contending forces to the national capital, and besought them for love of the great country wherein they dwell, and out of pity for the countless throng of suffering poor, to adjust their differences and work together in peace for the common weal.

Fourteen men, including the president, were in the second story front room at the temporary White House during the momentous conference. Mr. Mitchell and three of his district leaders represented the miners, and five railroad men and one independent mine operator the employers. With the president were Attorney General Knox, Commissioner of Labor Wright and Secretary Cortelyou. All the cabinet save the attorney general kept aloof during the conference, but between the two meetings and afterwards several of the president's advisers called upon him to talk over the situation. The coal barons who participated in the conference were Presidents Baer of the Reading, Thomas of the Erie, Truesdale of the Delaware Lackawanna and Western and Fowler of the Ontario and Western railroads, Daniel Wilcox, vice president of the Delaware and Hudson representing President Olyphant, and John Markle, representing the independent coal operators.

The views of the contenders in the great industrial struggle were so extreme and wide apart that there was no middle ground possible and so the conference came to an end without any agreement for its continuation. Both the miners and operators returned to their several localities, each asserting that the struggle will continue.

What They Say: President Mitchell issued a statement after the conference in which he said: "As a consequence of the refusal of the operators either to give recognition or to refer to individual arbitration, the coal strike will go on. I wish I could convince the miners will withdraw through no deeper regret."

GRIZZLED
WARRIORS

Arriving at the Nation's Capital to Attend the 36th Annual Reunion of Grand Army of the Republic.

Washington, D. C., Oct. 4.—The boys who wore the blue in the '60s now grizzled veterans who are nearing the last milestone of life's journey are mobilizing in the national capital in anticipation of the thirty-sixth annual encampment of the Grand Army of the Republic. Every arriving train today is bringing its quota of visitors and by tomorrow morning the rush will be on in earnest. No city in the country is better able to care for a large gathering than Washington and this fact is demonstrated by the admirable manner in which the veterans are being cared for on their arrival and assigned to quarters. The great organization has passed the zenith of its glory and is now on the wane. The attendance this year is expected to fall short of last year as last year fell short of the attendance at the Chicago encampment of two years ago. Nevertheless, the encampment will be a grand and glorious occasion for the old soldiers who marched and fought and endured the hardships of war forty years ago. The ranks are noticeably growing thinner and the boys are not able to stand the strain of the long parades which have been the crowning feature of previous encampments. But their enthusiasm has not been dimmed and the few surviving great war generals who are to be present will be received with the same round of hearty cheers as in days of yore when the veterans were more vigorous as well as more numerous.

The arrangements for the entertainment of the great crowd of visitors are as nearly perfect as can be attained. The program will be formally

inaugurated tomorrow (when patriotic services will be held in various churches. At the campfire in Convention hall Monday evening addresses will be delivered by speakers of national reputation. Tuesday there will be a parade of special veterans' associations, detachments of regular troops and District of Columbia militia. There will also be an excursion to Mount Vernon for the encampment delegates and in the evening General Torrence, commander-in-chief of the G. A. R. and his associates will be extended the freedom of the city at a public meeting. Wednesday is the day set aside for the grand review of the veterans by the commander-in-chief and the President of the United States with an elaborate reception in the evening at Convention hall. Thursday and Friday will be devoted to the business sessions of the encampment.

Besides the encampment of the Grand Army there will be a national convention of the Woman's Relief Corps of which Mrs. Callista Robinson Jones of Vermont is national president. The ladies of the Grand Army of the Republic of which Mrs. Wall of Kansas is national president, will also meet in the convention.

From the view point of the Grand Army veterans the selection of a commander-in-chief to succeed General Torrence of Minnesota is of prime importance. The candidates most prominently mentioned are John McKinstry of Washington the present senior vice commander General Thomas J. Stewart of Pennsylvania and General John C. Black of Illinois. Former Governor Robie of Maine, is also named as a possible candidate.

COLD WEATHER MAY
BRING COAL RIOTS.

Prominent New Yorker Makes a Most Startling Statement.

London Oct. 4.—The New York correspondent of the London Times in discussing the anthracite coal strike cables his paper as follows from New York: "One of the best known resi-

dents of this city told me that if the strike was not ended immediately there would be riots here when the cold weather begins and that they would be one hundred times more serious than the bread riots of Italy."

the refusal of the railroad presidents to defer to the wishes of the chief executive of the United States."

It was announced at the White House that the president had no comment to make on the conference.

The operators made it plain that they would listen to no proposition whatever emanating from Mr. Mitchell. Stipulating that they should not be quoted, they talked quite freely of the conference. Several of them declared the interference of the president had resulted in retarding rather than forwarding the settlement. They asserted that no progress had been made, and said they would return to continue the contest. They declared that the situation was most serious as to coal supply but said that coal would be furnished to the public, and that if given protection they could get men enough to mine coal to at least 70 per cent of their capacity. They declared there would be no compromise and that the strike would continue until the miners succumb.

Y., Oct. 4.—The wedding of Henry Codman Potter, bishop of New York, and Elizabeth Severin Clark, the widow of Alfred Corning Clark, was quietly solemnized at noon today at Christ Episcopal church here. OKEY

Municipal Bill That was Offered

Was Ruled Out

By the Speaker of the Lower House.

A Conference Committee of Five Members from the Two Houses

Will be Appointed to Try and Reconcile the Differences That Now Exist Between Them.

Columbus O., Oct. 4.—The reading of the governor's municipal code, as far as the repealing sections, has been completed by the house. No changes were made in the provisions of the merit system. In the sections relating to the removal of officers, Mr. Hypes of Springfield secured the insertion of an amendment specifically naming bribery as cause for removal of any officer by the mayor or of the mayor by the governor.

Advocates of the Okey code made a last effort to place the measure before the house. Mr. York moved that all after the enacting clause be stricken from the Nash code and that the Okey bill be inserted. The speaker ruled the amendment out of order.

The conference committee to which will fall the duty of attempting to reconcile the differences between the two houses probably will be composed of five members on the part of the senate and five on the part of the house. The bill is expected to be in conference for at least a week. It is the general opinion that when an agreement is reached the measure reported will be neither the house nor the senate code, but a compromise providing for graduated boards consisting of from one to five members the number to be determined by council.

It is practically certain that there will be no minority representation on the conference committee to be appointed by the senate. Lieutenant Governor Gordon takes the position, in which he is supported by the party leaders, that the function of a conference committee is to urge the adoption of a measure passed by the house which appointed it and that since none of the Democrats voted for the code none of them should expect an appointment on the committee of conference. While a number of the Democratic members of the house are expected to vote against the house code, there are said to be at least 10 who will support it. Under these circumstances Speaker McKinnon will feel justified in appointing one of them on the committee.

Gold Heels is conceded to be the champion of the year having won the Suburban and Brighton handicaps and the Brighton cup. Scarcely less notable is the season's record of Major Danversfield, the colt having the Brooklyn derby, the Lawrence realization and the annual champion to its credit.

Booth, the head of the Salvation Army. Booth will spend four months touring the United States and Canada.

Of North Main Street was

Again Discussed

At a Meeting Held by the Property

Owners at the North Side Fire

Department House.

The north Main street property

owners held another meeting at the north side fire house last night to hear the report of the committee appointed a week previous relative to the proposition to paving the street. The committee reported that it had taken the proposition up with the street railway people to see what they would do and president Mayer had wired from New York requesting that the matter be deferred until he could go to Buffalo and confer with the board of directors. The committee also submitted a report on the approximate estimate of the cost of the improvement.

Some of the property owners announced that they would not favor the improvement unless it was extended from the P. F. W. & C. tracks to Robb avenue.

Another meeting will be held next Friday night, at which time the committee hopes to be able to report what the street railway people are willing to do.

PASTORS

Are Not Satisfied WITH Tap-

painting.

Work of the Conference Left Some

Wounds That Heal

Slowly.

There are still a few echoes coming

from the late Methodist Conference

held in Defiance, and the following

dispatch from Toledo will be of in-

terest to those who have been watch-

ing the proceedings.

The special yesterday from Marion

stating that the Epworth M. E. church,

there had voted to ask Bishop Merrill

to retain Rev. A. E. Smith as pastor of

that church has caused considerable

discussion among local Methodists. As

stated previously Dr. J. M. Avann, the

retiring presiding elder of the Toledo

district was appointed to Epworth M.

E. church at Marion and Rev. R. D.

Hollington, former pastor at Kenton

was sent to William street church

Delaware. As far as can be learned

it appears that the arrangement is

not a altogether satisfactory and the

general belief here is that if any

changes are made Mr. Smith will be

retained at Marion. Mr. Hollington

retained at Kenton and Dr. Avann sent

to William street church Delaware.

It is said that the members of the

William street church are favorably

disposed toward Dr. Avann as a pas-

tor although of course, the above ar-

rangement is somewhat suggestive.

It is also stated that Rev. Dr. F.

A. Strother who was appointed to

Western avenue from a Delphos

charge has expressed an objection to

coming to that charge. Mr. Strother

was in the city Wednesday looking

over the field and it is said that the

at his opinion was expressed after his

visit here.

THE UNSETTLED QUESTION.

Before leaving Washington Secretary Shaw again rushed to the relief of Wall street and the New York bankers, and added \$10,000,000 to the deposits in that city. This action was taken at the behest of certain influential Republicans and notwithstanding the secretary's protest, registered at an earlier date, and his statement that he believed congress should take some measure which would obviate the real or fancied necessity of the government's coming to the rescue of the financial interests whenever the money market becomes "tight." It is well known, however, that the Republicans are themselves seriously divided on the currency question and that they dare not take any positive steps to make perfect the establishment of the gold standard because of the opposition such action would create in their own ranks. It was that fear that prevented action on the Fowler bill, which it was claimed would obviate the recurrence of situations similar to that in New York. The Republicans are desperately anxious to keep the Fowler bill out of sight and out of mind until after the November election and it is a singular fact that the reorganizing Democrats are equally anxious to avoid raising this very vital issue.—Johnstown Democrat.

USE SOFT COAL AND SAVE MONEY.

If people would talk less about seeking relief from the anthracite famine by going to congress or the courts or the governor of Pennsylvania for laws and receivers and troops and do more for themselves by preparing to use soft coal they would be much surer of getting what they want, not only for the time being, but for all time.

There has been good reason for giving the preference to hard coal for domestic purposes. With the stores and furnaces in use heretofore it has been impossible to burn soft coal economically or without an almost intolerable nuisance of soot, smoke, dust and odor and trouble in management.

These objections to soft coal have now been overcome in a great measure. Soots and fumes are in the market while hard coal is in the shortest of supply.

The Lima team, weather permitting, will be in Delphos again tomorrow for a ball game with the Delphos Stars.

Last Sunday's game between these two teams resulted in a score of 3 to 0 in favor of Delphos and another good game can be looked for.

THE IDLER.

Judge M. M. Sheldon, of Macon, Mo., married a young couple last week and left out the word "obey" in the ceremony. In order to make sure that both parties were aware of the omission he called attention to it. The happy groom said he had been so occupied in thinking of what he had given to himself, that he had given no thought to what his wife promised, and he didn't care a cent anyway, so long as she agreed to marry him. The judge says that husband and wife form a partnership. Therefore their interests are mutual and neither should be called upon to "obey" the other.

opening up of the Wise estate, was granted on motion by Miller, has reached an interest- ing and promises more than at first indicated. Yesterday, Ritchie & Ritchie, representing W. Joachim, a daughter of Jacob Wise, exceptions to the first, second and third accounts, of the late, Helen Hille, and Albert J. and points out what are claim- ed as erroneous items in the final account with the probate court. The exceptions in order, the items are complained of: That certain post office boxes sent to the executors before the death of the account, which have not been charged. That there was received from the Ohio National bank, as stock, the sum of \$160, which was not charged. The item of commissions shown in voucher No. 277, for \$25, of which account is made. That no record is made of what was sold to Geo. W. Dyer for \$300, and there was sold to Jacob Mar- tin for \$257 for 1925, and no part charged against the executors. A second partial account shows that thereon of \$515, and the amount a payment of \$185, which accounted for \$225. The sale of lot 2406 to Vina for \$200 is not entirely ac- counted for, there being a balance of \$20. Exceptions are taken to the foot- ing of the items which are declared inaccurate because of the omis- sion of the amounts above named, is complained that the voucher- ing of the payment to "Dobbas & Co." of \$208.82 is the same as No. 8, for the reason that a bill is filed for one of the pay- ments, and a receipt check filed as other for the other, credit thus claimed twice for the one pay- ment. The same objection is made to the \$25 paid to A. C. Reichel- er, showing the payment to A. C. of \$50, as a loan to him by deceased, is objected to for the reason that the payment was im- properly made, not having been pass- ed by the probate court. Item of commissions in the of \$225.40 is wrong, as the total commissions shown in the account amounted to \$31,324.39, on which the commission would have been 18. No request was made for compensation and no extra com- mission allowed, and if the amount properly calculated, it would be leaving an overcharge of \$180. At the 21st item, a loan to E. of \$250 is improperly credited, because that it was a loan made around Wise by the executors af- ter the death of Jacob Wise, and af- ter appointment as executors, the same was never at any time of the indebtedness of the ex- ecutors, therefore being improperly paid for the same. Item of commissions in the of \$225.40 is wrong, as the total commissions shown in the account amounted to \$31,324.39, on which the commission would have been 18. No request was made for compensation and no extra com- mission allowed, and if the amount properly calculated, it would be leaving an overcharge of \$180. At the 21st item, a loan to E. of \$250 is improperly credited, because that it was a loan made around Wise by the executors af- ter the death of Jacob Wise, and af- ter appointment as executors, the same was never at any time of the indebtedness of the ex- ecutors, therefore being improperly paid for the same.

the estate should be an individual debt of the deceased. The voucher charge for \$25.50 paid to E. H. Shapiro, is also improper as the costs are in the at- tempt made by the executors to col- lect debts and expenditures made by them to Edmund Wise after the death of the deceased. The last item in the exceptions to the first account shows alleged ex- penditures in the sum of \$44,379.62, the sum total of vouchers filed amounts to less than \$2500, leaving a deficit in the amount of vouchers filed of more than \$19000. Exceptions to Second Account. First. The executors received on January 19, 1899, from the Ohio National bank, as dividend on stock, the sum of \$160, which the executors have not charged to themselves. Second. The Commercial bank, hav- ing since the time before the filing of the first partial account, paid a rental for their banking room in the old post office building belonging to the Wise estate, the sum of \$800 per year, which would have amounted to \$2000 up to the time specified, but the ex- ecutors have accounted for only \$400, leaving a balance of \$1600. Third. There was sold to Christo- pher C. Vena, initials 2707 and 2708 for \$500, and the account shows a pay- ment of \$40 leaving an uncharged bal- ance of \$460. In 1899, the executors sold of certain shares in the Moore Bros. company of the par value of \$5000, for a sum ap- proximating \$7000, which is not charged. Exceptions are made to the follow- ing items, for which credit is asked, each one alleged as false and erro- neous: Voucher No. 29, entitled painting, is the same as voucher No. 17, showing the payment of \$12 to Mr. Willower, credit being claimed twice for the amount. Voucher 79, "Interest on loans," \$1500 for the reason that the sum was not paid by the executors on loans legitimately made for the es- tate. The item of commissions shown in voucher 81, the sum of \$550 is in error as the total commissions as shown by the account amount to \$31,324.39, on which the proper commission would have been \$280.88. There being no extra compensation allowed, there is an overcharge of \$269.12. The second account shows alleged expenditures of \$11,354.47, but the total vouchers filed but \$8514.66, leav- ing a deficit in the amount of vouchers filed with the account of more than \$2839.81. Exceptions to Third Account. First. The executors received from Wm. M. Melville, as rental since fil- ing the second account, the sum of \$315, while a charge of but \$3125 is made, leaving a balance of \$750 not account- ed for. Second. There was received from J. C. Thompson, upon the sale of Ohio National bank stock, the sum of \$5071, while the account charges but \$5000, leaving a balance of \$71. Third. The executors charge them- selves with two sales of oil in April and November, 1901, to Joseph Seep, in a total amount of \$1205.44, while, in fact, they received in excess of \$240, leaving a balance of more than \$120. The item showing the payment of "Interest on loans," \$1408, is erro- neous, because the interest is calcu- lated as due to the executors on the basis that the amounts expended by them in the former accounts filed herein in excess of the amounts they received, were correct and that at the time of the filing of the said former accounts, the amounts shown as due, and owing to the executors, were cor- rect, while as shown by the exceptions to former accounts the items were grossly false and erroneous, and for the reason that the amount of interest set out above was not properly earned as against this estate. That the last item of expenditures in the account, entitled "Dyer mort- gage, \$2200," is erroneous in this, that the expenditure was not made by the executors to payment properly charge- able to the estate and that it is an improper charge. That the item dated January, 1901, "Commercial bank note, \$135.50," is false, as it was not made by the ex- ecutors in payment of any indebtedness properly charged against the estate. Further exceptions are made to the action of the executors in the failure to file the necessary vouchers for pay- ments claimed by them, and that while the account shows alleged ex- penditures in the sum of \$15,917.48, the sum total of vouchers filed amount to less than \$7019.58, leaving a deficit of more than \$8897.89. Saturday, Oct. 4th will be the last day you can get "Wahoo," the great blood and nerve tonic at 25c. Don't miss this opportunity. THE ENTERPRISE DRUG STORE, 3-3c. The Rubber House. has been appointed traveling passen- ger agent of the C. H. & D., with head quarters in Findlay, succeeding H. G. Sugru, who has been transferred to Detroit. M. P. Blauvelt has been appointed auditor of the Erie railroad, with head- quarters at New York city. Mr. Blauvelt is to succeed J. T. Wann, who held the position as auditor for the Erie a number of years. Mr. Blauvelt is at present assistant audi- tor. The appointment is to go into effect October 1. Striker Shot. Wilkesbarre, Pa., Oct. 4.—There was an exciting time at the Notting- ham mine of the Lehigh and Wilkes- barre Coal company. A negro deputy came out of the stockade when, it is alleged, he was assaulted by some strikers. The deputy shot into the crowd and a bullet struck Joseph Yarkman, a striker, in the abdomen. After firing the shot the negro retreat- ed to the stockade. Soon a large crowd gathered and they threatened to tear down the stockade and take the negro out and hang him. Colonel Dougherty of the Ninth regiment dis- patched six companies to the scene at once. The troops arrived just in time to prevent a serious riot. The mob was dispersed. The negro deputy who did the shooting will be handed over to the civil authorities. CONDEMNED TO DIE A HEARTBROKEN MOTHER HEARS HER DAUGHTER'S DOOM. Tragedy in a Pennsylvania Town Happily Averted—The Mother's Story Now Published for the First Time. Life's prospects should be brightest for the American girl at fifteen. She feels the charm of the budding graces of womanhood and the world daily presents new attractions as the awk- ward days of her girlhood are left be- hind. Can anything be more tragic than a girl at this age confined to a bed of suffering with no hope for the future but that death may end her sufferings? All too often the bent and heartbroken mother hears from the doctors lips the sentence that the child upon whom she has lavished years of tender care cannot live to brighten her life. Mrs. Ellen Lloyd, of No. 300 Academy street, Plymouth, Pa., is a mother who has heard these fateful words but in whose case the threatened tragedy was averted. To a reporter recently she said: "That my daughter Lavinia is alive and well today is due entirely to Dr. Williams' Pink Pills. When she was in her sixth year she had a severe at- tack of scarlet fever which left her in a dreadful state of health. She was thin and pallid and was tortured with violent headaches and backache. It almost broke my heart to see her suffer so. "She would lie on the bed with no strength or ambition to move or even speak. She could not eat a thing. Her bowels used to swell up and the back of her head would get so hot that I thought her brain would be af- fected. "Two of our best doctors treated her but both said she would never be cured; that she would either die of Bright's disease or her trouble would turn into quick consumption. "She had been suffering this way for about eight years and constantly growing worse when, upon the recom- mendation of a friend, I had her stop all other medicines and take Dr. Williams' Pink Pills for Pale People. These pills saved her life. She began to improve with the taking of the first box and in a short time was perfectly well. Since then she has never been in bed from sickness, nor has she lost a day's work. "Results truly as wonderful as the above have been accomplished time and time again by the marvelous agency of Dr. Williams' Pink Pills for Pale People. They have been proved to be an unfailing specific for such diseases as locomotor ataxia, paraplegia, St. Vitus' dance, sciatica, neuralgia, rheumatism, af- fects of the grip, nervous headache, palpitation of the heart, pale and sal- low complexion and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box or six boxes for two dollars and a half (they are never sold in bulk or by the hundred) by addressing Dr. Williams Medicine Co., Schenectady, N. Y. Avoid imitations; substitutes never cured anybody.

Cheney, Oct. 4.—The Chamber of Commerce of the Central district of the city of Chicago, relative to the coal strike. The meeting was held at the Chamber of Commerce, and was attended by Mayor Jones of Toledo spoke for an hour. His speech was a general review of the labor situation. He applauded President Roosevelt's action, including the conference. It was above party, and showed independence and foresight that was admirable. Resolutions were adopted calling for government own- ership of coal mines. Fatal Explosion. Canton, O., Oct. 4.—George Schlich- ty, 40, and William Carr, 25, were killed by a boiler explosion at the Camp Tile company, eight miles north of here. A fire to a power boiler blew out. Fatally Burned. Newark, O., Oct. 4.—Daisy Falley, the 4-year-old daughter of Charles Falley, while playing around a bonfire received burns from which she died in a few hours. Wool Conditions. Boston, Oct. 4.—The American Woolen company bought heavily during the past week, its purchases ag- gregating, it is believed, fully 25,000,000 pounds, to be delivered as wanted. The bulk of the business held in terri- tory and Oregon wools. Current prices are said to have been paid. From other sources the demand has been fair, but not specially active. The tone of the market is extremely firm, and an advance all around is predicted. London closed with prices 10 to 15 per cent above the closing July rates. Series of Bouts. Milwaukee, Oct. 4.—Tom Cody of New York and Charles Neary of Mil- waukee went six rounds to a draw be- fore the Badger Athletic club. The bout was rather tame, the men not getting warmed up until near the end. Charley Berry of Milwaukee got the decision over Jack Sullivan of Phila- delphia in six rounds. Jack Dougherty of Racine finished Sock Haley of Chi- cago in the second round. Mickey Riley of Milwaukee won from Shiley Reed of Freeport, Ill., in six rounds, and Con Doyle of Milwaukee and Young Lyons of Chicago went to a draw. General Herrera's Message. Panama, Colombia, Oct. 4.—The government has received shipment of Maxim guns of different sizes and large quantities of rifles and cannon ammunition. A gasoline launch brought into Panama a small boat flying a white flag. In the boat was a messenger from the insurgent gen- eral Herrera bearing a letter for Gen- eral Salazar, governor of Panama, in which General Herrera explains how his troops came to fire last Saturday on the launch sent under a white flag by General Salazar with the latter's answer to the insurgent general's peace proposals. General Herrera's messenger reports that the artillery fire of the American gunners on board the government gunboat Chucuito at the time when the insurgents fired on General Salazar's messenger, resulted in heavy losses to the insurgents. Bandits Raid a Town. Tucson, A. T., Oct. 4.—A party of bandits, supposed to have been led by Bravo Juan, made a daring raid on the town of Ranchi, in the state of Sonora, Mexico, near Hermosillo, ac- cording to a dispatch received here. The bandits, after placing guards out- side the town, rode into the business section and took possession, looting stores and houses. The inhabitants were terrorized and offered little resistance. Several shots were exchanged between the bandits and the Mex- ican police, but without effect. They raided the house of Ignacio Quijada, the wealthiest citizen, and secured from him \$500 in money and an equal amount of jewelry. The aggregate sum taken by the bandits amounted to about \$3,000. They escaped to the woods in the Sierra Madre mountains. Double Deed of a Jealous Man. Springfield, Ill., Oct. 4.—In a fit of jealousy Luther McNeer shot and killed his wife, Essie McNeer, and then committed suicide at his home by firing three bullets into his breast and swallowing two ounces of carbolic acid. The first news of the trouble was when his wife ran down stairs and attempted to escape McNeer was an engineer and was married six months ago. Fire at Chicago. Chicago, Oct. 4.—A 5-story building at 19 Randolph street was partially destroyed by fire. The loss on build- ing and contents is \$90,000. The principal losers are Sprague, Warner & Company, wholesale grocers; Warren McArthur Stamp company and the A. C. Clark company, manufacturers of surgical instruments. League of Republican Clubs. Chicago, Oct. 4.—The National Re- publican league closed its session here with the election of officers. J. Hampton Moore of Philadelphia was elected president. A STRONG, VIGOROUS MAN

Is Liable to Break Down—Pe-ru-na is Sure to Restore.

Hon. Frank Dunn, Alderman Twenty-Fourth District, writes from 232 East Fifty-Eighth Street, New York City: The Peruna Medicine Co., Columbus, O.: Gentlemen: "There is no remedy for a broken-down system that I know of which will so effectually restore health as Peruna. "Whenever I am overworked or suffer from the consequences of a cold a few doses of Peruna builds me up again more quickly than anything I ever tried. I find it especially valuable for catarrh. Three bottles cured me three years ago of catarrh of the stomach and I have never had the least symptoms of it since." Very truly, FRANK DUNN, Alderman 24th Dist., N. Y. City.

TOBACCO is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous mem- branes. Peruna is a tonic to the mucous mem- branes of the whole body. It gives tone to the capillary circulation which con- stitutes these delicate membranes. Peruna is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all cat- arrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intelligently. Peruna seeks out catarrh in all the hid- den parts of the body. Paul Landrum writing from Atlanta, Ga., says: "In January last I began the use of your Peruna and Manalin for what was termed organic heart trouble. At that time I could scarcely walk to my place of business without stopping to rest and on arrival felt completely exhausted. Had severe pains in my heart and general dizziness. After using the first bottle of Peruna I began to improve and today I feel that I am a sound man and I work fourteen hours a day without any bad feeling."—Paul Landrum. A. M. Ikard, an employee of the C. B. & Q. R. R., West Burlington, Ia., writes: "I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same fate. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stand it, it was so offensive. I could not eat anything without great misery, and I gradually grew worse. "Finally I got one of your books, and concluded I would try Peruna, and thank God, I found a relief and a cure for that dreadful disease. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle in my house all the time."—A. M. Ikard. If you do not derive prompt and sat- isfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable ad- vice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

News at Headquarters. Wilkesbarre, Pa., Oct. 4.—The news from Washington that no agreement was reached at the conference had a depressing effect on all interests here. Some of the local operators who were interviewed think that the miners, now that all hope of arbitration seems to be gone, will gradually return to work. The strike leaders are of the opinion that the struggle will continue, and that the cold weather will compel the operators to make conces- sions. Dreyfus Will Not Attend. Paris, Oct. 4.—The general opinion here is that M. Dreyfus acted most wisely in according to Mme. Zola's prayer to absent himself from the funeral of her husband, which is to be held Sunday, as this ceremony would otherwise undoubtedly have been the occasion of unseemly incidents and perhaps of serious disorders. DID NOT OVERRULE SECRETARY SHAW

Action Regarding the Matter of Re-
serve on Government Deposits With
His Approval—Disagreement of
Prior Lauds in the Philippines.
Washington News.

Washington, Oct. 4.—The following
statement was made by Comptroller
of Currency Ridgely: "The report that
I have overruled, or attempted to
overrule, or shall attempt to overrule
the secretary of the treasury in the
matter of reserve on government de-
posits secured by government bonds, is
wholly false and unfounded. Before
the decision was reached and the an-
nouncement made by secretary that
no reserve need be maintained against
government deposits secured by gov-
ernment bonds, the secretary and I
several times had discussed the mat-
ter, and we are in full accord as to
the policy of his announcement and
the way it shall be carried out."

Mr. Ridgely was manifestly sur-
prised over the reports that he had
overruled the action of Secretary
Shaw regarding the matter of reserve
on government deposits. He was he-
sitated by telephonic and telegraphic
inquiries, mainly from New York, re-
garding the accuracy of his reported
decision, which had caused such a
stump in values, but his prompt reply
to them all was a denial of the de-
cision he was reported to have made.
The comptroller said he was entirely
unable to account for the origin of the
reports. He had made inquiry, he
said, on the subject, but thus far had
been unable to learn to what source
to trace them.

Will Take Time.
Washington, Oct. 4.—Three years is
the period of time now fixed in the
minds of the officials of the war de-
partment as requisite for a complete
settlement of the Philippine friars
lands question, if it is to be adjusted
on the present basis. This appears to
be an extraordinary waste of time,
but it is accounted for by the state-
ment that so many and complicated
are the land titles to be examined that
all the resources of the Philippine civil
government cannot satisfactorily
adjust them in a less time.

Big Crowds Expected.
Washington, Oct. 4.—The railroad
companies are making on a heavy
traffic to Washington on account of
the encampment next week. The
Pennsylvania railroad has notified the
encampment officials that its plans
are based on an expectation that the
total attendance next week will ex-
ceed that of 10 years ago, when the
number of veterans and other visitors
in Washington reached an aggregate
of 387,000.

Determined to Crush Boxers.
Washington, Oct. 4.—Minister Con-
gler's dispatches to the state depart-
ment show that Yuan Shih Kai, the
viceroy of Chi Li is really in earnest
in his expressed determination to
crush the Boxers in his section of
China. A proclamation issued by him
dated Aug. 19, 1902, is just published.

FIERCE BATTLE
Between Officers and Former Ken-
tucky Mountaineers.
Guthrie, O. T., Oct. 4.—At Crescent
City, an inland town 18 miles north-
west of Guthrie, a fierce battle was
fought between the officers of the
town and four Brown brothers, Mal,
Don, Bill and John, prominent farm-
ers and ranchers of that vicinity. As
a result Mal Burgess, another farm-
er, is reported dead; Mal Brown seriously
wounded and several others in-
jured. The Browns are mountaineer
Kentuckians, who have resided in this
country since the opening. Trouble has
been brewing there for some time,
originating two weeks ago in a fight
with railroad graders.

England Interested.
London, Oct. 4.—President Roose-
velt's intervention in the coal strike
attracts great attention in Great Brit-
ain. Pending its result business in
the American department of the
Stock Exchange was virtually at a
standstill, and the coal market is cer-
tain to be strongly affected. Long
dispatches from the United States de-
scribing the situation are published
in the newspapers, which nearly all
devote editorial articles to the mat-
ter, applauding President Roosevelt's
courage in ignoring red tape in the
endeavor to effect a settlement of the
dispute, but displaying surprise at the
failure of his laudable efforts.

To Fight Tobacco Trust.
Chicago, Oct. 4.—To prevent the
alleged tobacco trust from monopoliz-
ing the raw material, the independent
cigar manufacturers of the country
have started a \$3,000,000 stock com-
pany to fight the combination. The
new concern is being underwritten by
the Union Trust company of this city.
It is the intention to buy leaf tobacco
direct from the grower and thus cut
off the profits of the middlemen.

Both Asphyxiated.
Valparaiso, Ind., Oct. 4.—Fred and
Charles Johnson, aged 28 and 21 years
respectively, and sons of one of the
best known residents of Woodville,
this county, were found unconscious
in their sleeping room and died soon
afterward. Asphyxiation from escap-
ing gas was the cause. Both young
men were popular members of Wood-
ville society, and the older graduated
from college this year.

REVISION OF TARIFF.

An Amendment That Was Voted Down
by Massachusetts Republicans.
Boston, Oct. 4.—An unexpected but
unsuccessful attempt to amend the
platform presented at the Republican
state convention caused a sudden
storm. The tickets nominated by
Governor, John L. Bates; lieutenant
governor, General Curtis Guild, Jr.;
secretary of state, William M. Olin;
treasurer, Edward E. Bradford; at-
torney general, Herbert Parker. After
Chairman George Draper of the com-
mittee on resolutions had read the
platform and moved its adoption,
Frank M. Pitts of Somerville moved
an amendment to the platform in the
form of a plank for reciprocity with
Canada and an immediate revision of
the tariff so as to include free coal,
free iron, free steel and free hides.
After much excitement the amend-
ment was knocked out.

Business Barometer.
New York, Oct. 4.—R. G. Dun &
Company's weekly review of trade
says: Distribution of merchandise
shows no diminution, and prospects
are bright for continued activity.
Dealers in many lines are urgent for
prompt shipments, calling upon job-
bers and manufacturers for goods al-
ready overdue. This indication of re-
duced stocks is a good sign, and
tends to sustain quotations. Western
reports are especially favorable, and
the early marketing of cotton has
brought distinct improvement at the
south. Transportation facilities have
improved in the coke region, where
congestion was becoming severe, and
railway earnings thus far reported for
September exceed last year's by 94
per cent.

Seeks a Conference.
Rome, Oct. 4.—Mgr. Chappelle, arch-
bishop of New Orleans and apostolic
delegate to Cuba and Porto Rico, in
a communication announcing his ap-
proaching visit to Rome begs the Rev.
Santiago Paya, provincial of the order
of Dominicans in the Philippine Is-
lands, to await his arrival, as he
wishes to confer with him. Rev. San-
tiago Paya is at present in Spain, and
it is his intention to proceed from
there to Manila in order to be pre-
sent at the arrival of Archbishop Guidi,
apostolic delegate in the Philippines,
who leaves Rome about the middle of
October for the Philippines.

To Fight the Landlords.
Dublin, Oct. 4.—The lord mayor of
Dublin presided at an enthusiastic
meeting of Nationalists at the Man-
sion House, when a special fund to
enable the United Irish league to fight
the landlords was inaugurated. A
number of bitter speeches denouncing
the enforcement of the crumens act
were made. John Dillon, William
Field, John Gordon Swift McNeil and
other members of the Irish party were
present.

Call to Arms.
Sofia, Bulgaria, Oct. 4.—The organ of
the Macedonian committee has pub-
lished a manifesto of Colonel Jankoff,
leader of the Macedonian insurrection,
announcing the revolution and calling
on all Macedonians to take up arms
in behalf of the country. The colonel
points out that the Balkan states won
their liberty by fire and blood. At the
same time he urges that considerate
treatment be meted to peaceful Mus-
sulemans.

Into a Washout.
San Antonio, Tex., Oct. 4.—The
Southern Pacific through California
passenger train plunged into a wash-
out. The engine, mail car, baggage
car and two passenger coaches were
turned over, but no one was injured.

ENGAGED.

Marriage is very largely an accident.
In few cases do men or women set up a
standard of manly or womanly excellence
and choose by it. In most cases people
become engaged as the result of pro-
pinquity rather than because of any deep
feeling.

It often happens that the wife enters upon
the obligations of maternity just as
thoughtlessly as she entered on the
marriage relation, because no one
has warned her of the dangers she
faces.

Thousands of women become
invalids for lack of knowledge of
themselves. It is
to this large body of women that Dr.
Pierce's Favorite
Prescription comes as a priceless boon, because it
cures womanly ills.

"Favorite Prescription" establishes
regularity, dries weakening drains, heals
inflammation and ulceration and cures
female weakness. It makes weak women
strong, sick women well.

"After my first child was born," writes Mrs.
Jordan Smith of Farmington, Me., "my health
was very poor for a long time, and
last winter I was so bad with pain down back
I could hardly move without great suffering.
My husband got me a bottle of Dr. Pierce's
Favorite Prescription and a box of his 'Pleasant
Pellets,' which I used as directed. In four days
I was able to get up and now, after using the
medicine three months, I seem to be entirely
well. I can't see why it is that there are so
many suffering women when there is such an
easy way to be cured. I know your medicines
are the best in the world."

Dr. Pierce's Pleasant Pellets the fa-
vorite family laxative. One 'Pellet' is a
laxative, two 'Pellets' a cathartic dose.

Do Good—It Pays.

A Chicago man has observed that
"Good deeds are better than real es-
tate deeds—some of the latter are
worthless. Act kindly and gently,
show sympathy and lend a helping
hand. You cannot possibly lose by it."
Most men appreciate a kind
word and encouragement more than
substantial help. There are persons in
this community who might truth-
fully say: "My good friend, cheer up.
A few doses of Chamberlain's Cough
Remedy will rid you of your cold, and
there is no danger whatever from
pneumonia when you use that medi-
cine. It always cures. I know it for
it has helped me out many a time." Sold

VICTIMS OF CARS.

**Two Men Killed in L. E. & W. Yards
in Less Than 24 Hours.**

John Swartz's Head Crushed.

**Calvin Reece Steps in Front of a Light Engine
and Has Both Legs Mangled Under the
Wheels, Death Resulting in a
Few Hours.**

HEAD CRUSHED.

John Swartz instantly killed while repairing a pair of trucks.

John Swartz, a car repairer, employed in the L. E. & W. yards, was instantly killed about 4:45 o'clock last evening, having his head and one shoulder crushed between two cars while at his work. The unfortunate man was between two cars repairing a pair of trucks when a switch engine "kicked" a cut of cars into the track on which he was at work, and he was caught between the deadwoods and drawbars and crushed to death.

The accident occurred on one of the repair yard tracks near the Third street crossing. Swartz was dead when some of his fellow workmen reached him, and Bennett's ambulance was immediately summoned. The body was removed to Bennett's morgue and was there viewed by coroner Rice, who found that the left side of the victim's face had been crushed, one shoulder was broken and some small pieces of iron had penetrated his neck, severing the artery.

The victim of the accident had only been employed in the L. E. & W. repair yards four days. He came here from Chicago, where he was for several years, employed in the Swift & Co. packing house. He was accompanied to this city by his father-in-law, Wm. Hilliard of Huntington, Ind., both coming here in search of employment. Swartz went to work immediately and Hilliard returned to Huntington to pack his household goods, preparatory to removing them to this city. The deceased's wife and seven months old child were still at their late home in Chicago, the wife being engaged in getting their household goods ready for shipment to this city, when the sad news of the husband's tragic and untimely death was telegraphed to the widow.

The deceased's father-in-law arrived in the city from Huntington this morning and Mrs. Swartz and a brother of the deceased will arrive here tonight. Mrs. Hilliard, mother of Mrs. Swartz was visiting at the home of John Salter, near Elida at the time of the accident and also arrived here this morning. The remains will be taken to Huntington, Ind., for burial and will leave here either tomorrow or Monday. Swartz boarded at the home of John McClelland at 119 Grand avenue.

OFFICER

**Waf Injured in the Mix-Up
and Had to Go Home.**

Last night officer Frank Angier was called to Brice Blair's place on east Market street to quell a disturbance the origin of which is still a question for the mayor to determine. Blair and Frank Haddling were in an exciting mix-up and in the melee Angier was so severely injured that he was compelled to leave his beat and go home. Both men were arraigned in mayor's court today but the case was continued for further investigation.

CALVIN REECE

Alighted from a freight train and stepped in front of an engine.

The second fatal accident occurred in the L. E. & W. yards about 2 o'clock this morning, when Calvin Reece was crushed under the wheels of an engine, sustaining injuries from which he died in the city hospital about seven hours later. Reece, who was employed as a member of the night force of car inspectors in the yards and had ridden through the yards on a freight train. When he alighted from the train, he started across some adjoining tracks and was run down by a light engine which passed over him mangleing his legs in a frightful manner.

Reece was in the L. E. & W. yards yesterday afternoon when John Swartz was killed and when Bennett's ambulance arrived on the scene of that fatal accident, he assisted Otto Davis, driver of the ambulance to place Swartz's body on the ambulance cot. He then went to his supper and went to work about 6:30 o'clock. At 2 o'clock this morning he alighted from a freight train within a few feet of the place where Swartz had been killed, and did not see the light engine that was approaching on an adjoining track. He stepped directly in front of the engine and was run down in an instant later. His left leg was crushed between the knee and ankle and the right leg was frightfully mangled from the knee to the hip. He was perfectly conscious and when the ambulance arrived he remarked to driver Davis that he did not think when he helped to place Swartz on the cot that he would be the next victim. When the hospital physicians examined his injuries they pronounced his case a hopeless one and the mangled limbs were not amputated. Death terminated his sufferings about 9 o'clock this morning.

The deceased was about thirty-five years of age and is survived by his wife and three children, the oldest being about 16 years of age, and the youngest an infant. He was the oldest son of Amos Reece, the venerable expressman, and was a brother of Newton Reece, the well known Lima boy who drowned while in the Philippines in the regular army service, a member of Troop I, Fourth U. S. cavalry.

Reece's remains were prepared for burial at Bennett's morgue and were removed to his late home on Solar avenue this morning.

Encouraging.**

The reports from his bedside are not alarming, but the doctors are keeping him as quiet as possible, and hope the turning point is near at hand.

**Examination is Being Con-
ducted Today.**

JUST A WORD

**Concerning a Modern
Newspaper Plant.**

**The Times-Democrat is Al-
ways in the Lead.**

**Another Linotype Installed in Order
to Enable Us to Better Serve
Our Patrons With All the
Latest News.**

That "nothing succeeds like success" is an old axiom, one which is daily applied, with greater or less appropriateness to the various people or institutions which are forging to the front and it is with pardonable pride that the publishers of the Times-Democrat apply the old maxim to their newspaper and for a moment drop their usual modesty and direct public attention to the progress made by them.

A couple of years ago the mechanical equipment of the Times-Democrat, then far ahead of that of any inland publishing plant in this part of Ohio, proved inadequate for their business, and was improved by the introduction of a linotype, the twentieth century marvel. It was the first machine of that character brought into the city, and its adoption by the Times-Democrat enabled us to handle more matter within a given period than was possible when hand work alone was relied upon.

But the good town of Lima grew, and the circulation and business of the Times-Democrat grew even more rapidly than did the town, so that our former equipment again became inadequate. To handle all the local and telegraphic news which was necessary to keep abreast of the times, and at the same time get our forms to press early enough in the day, was found impossible with one linotype, and we today installed another one of these marvelous machines.

The rapidly growing circulation of the Times-Democrat demanded either a much faster press or another linotype which would enable us to set our type more expeditiously and get forms to press earlier thus giving more time for getting out our large edition without making our delivery too late in the evening. The latter policy was chosen, and with the installation of our second machine we will be enabled to serve our thousands of readers more punctually each evening as well as handle every bit of news either telegraphic or local, which is obtainable, right up to the moment of going to press.

The Times-Democrat always leads—not only in mechanical equipment but in whatever tends to create a first class, strong, up-to-date newspaper, and it is today the brightest, freshest, newest, best equipped newspaper in Lima.

Watch for Mrs. Stanyer's advertisement next Wednesday. 4-21.

MARKET

**Takes a Jump Toward
the Dollar Mark.**

**Two Cents East and Three
Cents West Added.**

**Lima Oil is Now Quoted at 91 Cents
and it is to be Hoped it
Won't Stop at Two
Figures.**

After clinging to just a cent below the 90 mark for a long and weary period, the men who juggle the figures for the Standard Oil Company warmed the cockles of the oil man's heart this morning by giving a spurt to the market, adding two cents a barrel for the western product and three cents to the eastern. Lima oil quoted yesterday at 89 cents, is today 91, and now that the deadlock is broken there is a hope that the rise may continue, at least until the coveted dollar mark is reached. The corrected table will be found in the regular oil columns.
